### A GLASS OF FLEIN

Flein is varietal grape juice of the highest quality. Three wine-growers from the Alpine region, all of them long-time friends, refine their region-typical grape varieties into juices which open up new dimensions of taste - either as an aperitif or food companion.

The grapes for Flein come from vineyards that were selected specifically for the production of the juice. The cultivation of the vines, like the harvest, is done carefully by hand. Gently pressed like champagne and pasteurised using the latest technology, Flein enables variety-typical aromas. Flein comes with a surprising freshness, elegance, and lively acidity.

### GRAPE VARIETIES

Sauvignon blanc and Gelber Muskateller - typical grape varieties of the wine-growing regions of Südsteiermark and Štajerska Slovenija - carbonated.

### FOOD PAIRING

Aperitif or companion to light appetizers & salads. Sparkling pleasure for cheerful hours. 100% party, 0% alcohol.

### JUICE DESCRIPTION

Bright lemon yellow color. From the start, the bubbles bring fresh aromas to the surface: wood sorrel, finger limes and peach blossoms. Stimulating on the palate thanks to animating perlage; with crisp fruit and fresh citrus flavors. Perfect aperitif.
