A GLASS OF FLEIN

Flein is varietal grape juice of the highest quality. Three wine-growers from the Alpine region, all of them long-time friends, refine their region-typical grape varieties into juices which open up new dimensions of taste - either as an aperitif or food companion.

The grapes for Flein come from vineyards that were selected specifically for the production of the juice. The cultivation of the vines, like the harvest, is done carefully by hand. Gently pressed like champagne and pasteurised using the latest technology, Flein enables variety-typical aromas. Flein comes with a surprising freshness, elegance, and lively acidity.

SAUVIGNON BLANC

The grapes are small, compact and cylindrical. Aromatic and spicy taste. Typical grape variety in Süsteiermark and Štajerska Slovenija.

FOOD PAIRING

Aperitif, terrine, freshwater fish, Wiener Schnitzel, grilled white meat, grilled vegetables, dessert creations, etc.

JUICE DESCRIPTION

Crystal clear pale yellow color. Refreshing aromas of hibiscus, sweet peas and green apple wedges, framed by a spiciness of yellow peppers, cooked runner beans and stone moss. The lively palate and fruit-acid interplay make for drinking pleasure.
